WALK TO END LUPUS NOW™

## If you're creating a team…

Go to Settings, My Team, then click "Create a Team". You'll fill out all of the details of why your team is joining the fight against lupus right here.

If you're joining a team…

For team members, you'll click "Join A Team" and look for your team and save.

Note: if anyone wants to show up on the team page as a team member, they have to make a fundraising page. It doesn't make them a competitor against the captain, but instead adds to the team total.

BONUS: Fundraisers who hit certain fundraising levels can earn their own incentives!

Have fun, and if you have any questions, email us and we'll help out ASAP!
